

Steve Slepcevic is one of the most popular name in field of Natural [Disaster Recovery](#). Steve Slepcevic founded Paramount Disaster Recovery Inc. in 1989 and serves as its president and chief executive officer. Through his diligence in serving the clients of Paramount, Mr. Steve Slepcevic has guided Paramount to become the recognized consulting firm in nationwide disaster emergency response, construction consulting, and complete reconstruction. Mr. Steve Slepcevic has completed projects for major hotels and restaurants, hospitals, office buildings and commercial developments, apartment buildings and community associations, and residential property owners in the United States and internationally.

Steve Slepcevic founded Virtual Evacuation to address a vitally important but often underdeveloped aspect of disaster preparedness – evacuation planning and training. Today, evacuation planning and emergency management has become a sophisticated field in the science of civil engineering with the goal of saving lives through safer facility design and optimized rescue training operations. Leading experts in the fire industry, [emergency management services](#), engineering, and architectural design were immediately attracted to the concept of Virtual Evacuation and have unselfishly provided their knowledge and insight to make Virtual Evacuation a cutting-edge consulting company that is unique in its approach to disaster preparedness.

Mr. Steve Slepcevic has lectured extensively throughout the United States to property owners, building managers, risk managers, community associations and real estate professionals in the areas of [disaster preparedness](#) and response. Mr. Steve Slepcevic has been an invited guest speaker at many industry forums and trade associations where his insightful presentations have proved to be interesting and educational.

Accomplished in his field, Mr. Steve Slepcevic's articles have appeared in such leading industry publications as Architectural West, RSI, Roofing Contractor, Remodeling Contractor, Caribbean Business Journal, Daily Breeze, [Disaster Resource](#), Industrial News Journal, IFL Reports, and SBI, among others. He was featured prominently as an expert in the Ed McMahon mold litigation and has consulted and/or testified as an expert in litigation matters. Paramount and Mr. Steve Slepcevic maintain professional affiliations with RIMS, CAI, BOMA, IREM, NAA, NRA, ICSC, NRCA, IAEM and many others.

Mr. Steve Slepcevic attended El Camino College where he studied architectural and structural design.
